Subj: Nomination of Mike Myrick

It is my true privilege and singular honor to support the nomination of former Coronado High School golf coaching legend, Mike Myrick, for inclusion in the El Paso Sports Hall of Fame.

As the former long-time golf coach at Eastwood High School and later principal at Hanks High School and Montwood High Schools, I am keenly aware of the far-ranging impact Mike Myrick had on high school golf in El Paso in general, and Coronado High School in particular.

He was (and still is) the Dean of El Paso high school golf in every sense of the word. A perusal of his extensive and incredibly successful golf and life resume makes his importance to the growth of high school golf in El Paso plainly obvious. His golf-related accomplishments are unmatched and will likely stay that way for the long run. No single person has had that much influence on the growth of high school golf in El Paso. It was amazing how many times at Regional and State tournaments that my Eastwood teams played in I would be asked why, given the weather advantage and available courses in El Paso, it took so long for El Paso teams to be successful at the state level. Mike Myrick changed all that and set the standard for schools like Hanks and Eastwood who later qualified and also won at that level. His success, personal generosity, and willingness to share that success with all of us coaching golf had a lot to do with the later success of high school golf teams from El Paso.

Mike Myrick is the most respected and successful golf coach in El Paso high school golf history, as proven by his Coronado team winning the first ever state title in golf as well as numerous other district, regional and state championships, all of which are delineated in his unbelievable resume.

Simply stated, there cannot possibly be a more worthy and deserving

Coach Myrick built a culture centered on accountability, work ethic, integrity, and resilience—values that can be challenging to instill in high school athletes, but ones he consistently demonstrated and reinforced. The lessons he taught extended far beyond golf and have had a lasting impact on my life and the lives of many of his former players.

His ability to develop not only exceptional golfers but also disciplined, responsible young men is a true reflection of his leadership and dedication to coaching. The success of his teams, the accomplishments of his players, and the values he instilled are a legacy that continues to resonate many years later.

For these reasons, I enthusiastically support Coach Mike Myrick's induction into the El Paso Athletic Hall of Fame. His contributions to high school golf in El Paso and the profound influence he has had on generations of student-athletes make him exceptionally deserving of this honor.

Please do not hesitate to contact me if you should need anything. If you don't mind please acknowledge your receipt of my email. I just want to make sure it is received.

Dear Hall of Fame Committee,

At this time, I would like to nominate Michael Myrick to be introduced to El Paso's Hall of Fame for former coaches. I've known Mike for about forty years. I also was a Golf coach at Del Valle High School while Mike was at Coronado High School. I learned a lot from Mike.

Mike set the standard not only for golf coaches but for many more coaches of different sports. His team's won many awards as his resume shows. He had probably well over one hundred, both boys and girls being named all-district. Mike was a tremendous role model for a lot of young people in El Paso.

Mike's nomination has been long overdue. Mike is probably the winningest coach in not only El Paso, but in the state of Texas. I nominate Michael Myrick to be named to the El Paso's Hall of Fame!

Very Respectfully,

A handwritten signature in cursive script that reads "Pete Alvidrez". The signature is written in black ink and is positioned below the typed name.

Mr. Pete Alvidrez

Former Head Varsity Basketball Coach at Hanks High School  
and Former Golf Coach at Del Valle High School

Simply stated, there cannot possibly be a more worthy and deserving

candidate for inclusion in the Hall of Fame than Mike Myrick. He was the standard we all tried to live up to. Mike didn't just coach his boys teams, he also established a girls program at Coronado and built his continuing success by establishing boys and girls golf programs at the various Coronado High feeder schools. Mike was the face of El Paso high school golf. He was the gold standard and he had the respect of everyone who knew him because of his generous, giving demeanor, his incredible knowledge of all things golf, and above all else, his perpetual sportsmanship and respect and love of the game.

There cannot possibly be a more deserving, worthy candidate for induction into the El Paso Sports Hall of Fame than Coach Myrick.

Feel free to contact me if there is anything else I can do to help my friend and colleague, Mike Myrick, achieve the recognition he so very richly deserves.
